

Geog	Year 1 and Year 2	Year 3 and Year 4	Year 5 and Year 6
Key knowledge	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the countries, continents and oceans studied at this key stage use simple compass directions (North, South, East and West) and locational and directional language [for example, near and far; left and right], to describe the location of features and routes on a map use aerial photographs and plan perspectives to recognise landmarks and basic human and physical features; devise a simple map; and use and construct basic symbols in a key use simple fieldwork and observational skills to study the geography of their school and its grounds and the key human and physical features of its surrounding environment 	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world use fieldwork to observe, measure, record and present the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies 	
	Key Fieldwork skills	<ul style="list-style-type: none"> Gather information Use basic observational skills Carry out a small survey of the local area/school Draw simple features Ask and respond to basic geographical questions Ask a familiar person prepared questions Use a pro-forma to collect data e.g. tally survey Sketching Create plans and raw simple features in their familiar environment Add labels onto a sketch map, map or photograph of features Audio/Visual-Recognise a photo or a video as a record of what has been seen or heard, Use a camera in the field to help to record what is seen 	<ul style="list-style-type: none"> Gather information Ask geographical questions Use a simple database to present findings from fieldwork Record findings from fieldtrips Use a database to present findings Use appropriate terminology Sketching- Draw an annotated sketch from observation including descriptive / explanatory labels and indicating direction Audio/Visual-Select views to photograph Add titles and labels giving date and location Information, -Consider how photo's provide useful evidence use a camera independently Locate position of a photo on a map

Key map skills	<p>Using maps Use a simple picture map to move around the school Use relative vocabulary such as bigger, smaller, like, dislike Use directional language such as near and far, up and down, left and right, forwards and backwards Map knowledge Use world maps to identify the UK in its position in the world. Use maps to locate the four countries and capital cities of UK and its surrounding seas Making maps Draw basic maps, including appropriate symbols and pictures to represent places or features Use photographs and maps to identify features</p>	<p>Using maps Follow a route on a map Use simple compass directions (North, South, East, West) Use aerial photographs and plan perspectives to recognise landmarks and basic human and physical features Map knowledge Locate and name on a world map and globe the seven continents and five oceans. Locate on a globe and world map the hot and cold areas of the world including the Equator and the North and South Poles Making maps Draw or make a map of real or imaginary places (e.g. add detail to a sketch map from aerial photograph) Use and construct basic symbols in a key</p>	<p>Using maps Follow a route on a map with some accuracy Locate places using a range of maps including OS & digital Begin to match boundaries (e.g. find same boundary of a country on different scale maps) Use 4 figure compasses, and letter/number co-ordinates to identify features on a map Map knowledge Locate the UK on a variety of different scale maps Name & locate the counties and cities of the UK Making maps Try to make a map of a short route experiences, with features in current order Create a simple scale drawing Use standard symbols, and understand the importance of a key</p>	<p>For instance: Using maps Follow a route on a large scale map Locate places on a range of maps (variety of scales) Identify features on an aerial photograph, digital or computer map Begin to use 8 figure compass and four figure grid references to identify features on a map Map knowledge Locate Europe on a large scale map or globe, Name and locate countries in Europe (including Russia) and their capitals cities Making maps Recognise and use OS map symbols, including completion of a key and understanding why it is important Draw a sketch map from a high viewpoint</p>	<p>Using maps Compare maps with aerial photographs Select a map for a specific purpose Begin to use atlases to find out other information (e.g. temperature) Find and recognise places on maps of different scales Use 8 figure compasses, begin to use 6 figure grid references. Map knowledge Locate the world's countries, focus on North & South America Identify the position and significance of lines of longitude & latitude Making maps Draw a variety of thematic maps based on their own data Draw a sketch map using symbols and a key, Use and recognise OS map symbols regularly</p>	<p>For instance: Using maps Follow a short route on a OS map Describe the features shown on an OS map Use atlases to find out data about other places Use 8 figure compass and 6 figure grid reference accurately Use lines of longitude and latitude on maps Map knowledge Locate the world's countries on a variety of maps, including the areas studied throughout the Key Stages Making maps Draw plans of increasing complexity Begin to use and recognise atlas symbols</p>
----------------	--	--	--	---	--	---

Key Locational knowledge	<p>Pupils should be taught to: name and locate the world's seven continents and five oceans name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas</p> <p>Pupils should be taught to: understand geographical similarities and differences through studying the human and physical geography of a small area of the UK, and a contrasting non-European country</p>	<p>Pupils should be taught to: locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities</p> <p>name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time</p> <p>identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night)</p> <p>Pupils should be taught to: understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America</p>	
Key locational skills	<p>Pupils show their knowledge, skills and understanding in studies at a local scale. Pupils show their knowledge, skills and understanding in studies at a local scale. They show an awareness of places beyond their own locality</p>	<p>Pupils show their knowledge, skills and understanding in studies at a local scale. They are aware that different places may have both similar and different characteristics.</p>	<p>Pupils show their knowledge, skills and understanding in studies of a range of places at more than one scale and in different parts of the world.</p> <p>They begin to recognise geographical patterns and to appreciate the importance of wider geographical location in understanding places</p> <p>Pupils show their knowledge, skills and understanding in studies of a range of places at more than one scale and in different parts of the world.</p> <p>They recognise some of the links and relationships that make places dependent on each other.</p>
Key physical and human knowledge	<p>Pupils should be taught to: identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles</p> <p>use basic geographical vocabulary to refer to: key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather key human features, inc. city, town, village, factory, farm, house, office, port, harbour, shop</p>	<p>Pupils should be taught to: describe and understand key aspects of: physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle</p> <p>human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water</p>	

<p style="text-align: center;">key skills</p>	<p>They recognise and make observations about physical and human features of localities They describe physical and human features of places and recognise and make observations about those features that give places their character.</p>	<p>They describe and compare physical and human features of different localities and offer explanations for the location of some of those features.</p>	<p>They recognise and describe physical and human processes. They begin to understand how these can change the features of places and how these changes affect the lives and activities of people living there. They describe and begin to explain geographical patterns and physical and human processes. They describe how these processes can lead to similarities and differences in the environments of different places and the lives of people who live there.</p>
