<p>In Spring ½ of 2020-2021, Parliament and Power was replaced by Britain at War. This was due to amendments to the curriculum in Summer 2020 when Parliament and Power was used as children across the federation had completed different aspects of the Crime and Punishment topic and Parliament and Power was utilised instead to ensure all the children had the same starting point. Britain at War is a study of an aspect or theme in British history that extends pupils' chronological knowledge beyond 1066 and is also a local history topic because of the impact on the local landscape and history that continues to this day. Going forward, year B will revert to Parliament and Power for the Spring Term and Britain at War will be a "reserve" topic.</p>
