

Health and Safety Policy

Purpose

The purpose of this policy is to further our aim to provide a secure, safe, healthy and stimulating environment for all pupils, staff and visitors to the school. Parents need to know that every measure will be taken to keep their children safe. We believe that the prevention of accidents and hazards is a key responsibility for every member of the school community.

Who/what was consulted?

All staff, pupils, parents, and governors have contributed to this policy, which is based on the LEA's model. The content has also been influenced by guidance from the DfES and the Health and Safety Executive.
